## **ABOUT**

**Infinity Management Services work with brand name of ZERO WASTE.**

We offer Green Events Services to manage the waste generated at events onsite .Enormous amount of Waste is generated from events, If managed properly these events could create less waste which can reduce the waste dumping at landfill sites and we can help our environment to deliver a Zero Waste Event.

We deliver Proper Waste Management Services and we have successfully completed various events which are as follows –

- **Airtel Delhi Half Marathon ( Delhi )**
- **Fit India Show at IG Stadium**
- **Lil Flea Fest at Delhi , Mumbai**
- **Grub Food Fest at Delhi**
- **Zomaland at Delhi, Pune ,Bangalore**
- **Jio Wonderland**
- **Lakme Fashion Week – 19**
- **Horn ok Fest**
- **DAV United Fest**

And we can add many more list. Giving best quality with Environmentally safer option is our pioneer.

We believe in New Innovation to create a  
**CLEAN & GREEN EVENT**

## **OUR PROCEDURE FOR WASTE MANAGEMENT**

Waste Management is a 4 step Process –

- **Waste Segregation at Source or at dumping area**
- **Waste Disposal**
- **Waste Management**
- **Waste Treatment**

By Following these 4 steps we can treat all our waste generated and become a Zero Waste Event.

- Waste Segregation involves segregation of waste from sources or from venue dumping yard where our worker segregate waste into desired categories like Dry & Wet Waste and so on.
- Waste Once Segregated will then at night will dispose off from the venue so that our dumping yard can be empty for next upcoming day.
- Then after our 2<sup>nd</sup> Step ,The Waste Disposed off will go onto our waste management site where it is treated accordingly.
- Last Step is Waste Treatment where the Dry Waste get Recycled by machine and Wet waste become compost in Big Composter Machine

After Following 4 steps our Waste Generated from Venue will become ZERO at its end Source and destination.

## WASTE MANAGEMENT SITE IN MUMBAI

Our Waste Management Associates in Mumbai is Sidhant Enterprises with GSTIN- 27CKKPG8710R1ZG, it is Registered in Ghatkopar and the Waste Management site is in Ghowandi, Mumbai

Our Waste disposed from the venue will come in the mentioned dumping site where it will further be treated and these come with the municipal Corporation Order and all.

Some pictures from the dumping site I am attaching for your reference –

## OUR INNOVATION

**Zero Waste Brand** Has innovated a composting bin in just Rs 200 in which anyone and everyone can make their household zero waste.

Most of the waste is generated from household from our kitchen only.

So By using Composting Bin ,one can make compost at your own comforts of your home and you can reuse those compost in your own plants by which you can make your own home a Zero Waste Home and can become a Responsible Citizen
